Hanging Guidelines

Two-Dimensional Artwork

1. All work must be matted with heavy mat board – white or neutral is recommended.
2. Framing is optional – lack of frame will not negatively affect jurying of the work.
3. If not framed, artwork must be wrapped in acetate with mitered corners using clear packing tape. Do not laminate. Pastel or charcoal artwork should be sprayed first and then covered with acetate.
4. Hanging wire must be attached if work is to hang on a wall. Cut two 2”x 3” pieces of mat board and punch hole in each piece. Wrap wire around the holes three times. Glue matt pieces ½ way down on the back of the artwork. Secure well.
5. Smaller pieces of artwork may be displayed on small table easels.
6. Entry labels must be attached to the back upper right corner of each piece of work.

Three-Dimensional Artwork

1. Hanging relief sculptures must have a secure attached wire.
2. Entry labels must be attached to back or bottom of artwork. Labels may be reduced in size to accommodate smaller pieces.
